# Introduction

G7 is a cutting-edge platform that bridges the gap between decentralized finance (DeFi) and traditional financial markets. By integrating cryptocurrency, Forex, ComEx, and indexes trading, G7 empowers users to diversify their portfolios and capitalize on a wide range of investment opportunities.

G7's unique approach fosters direct interaction between DeFi and currency and commodity markets, unlocking unprecedented potential for traders. The platform provides exclusive features and data-driven insights, equipping users with the tools they need to make informed decisions and thrive in today's dynamic financial landscape.

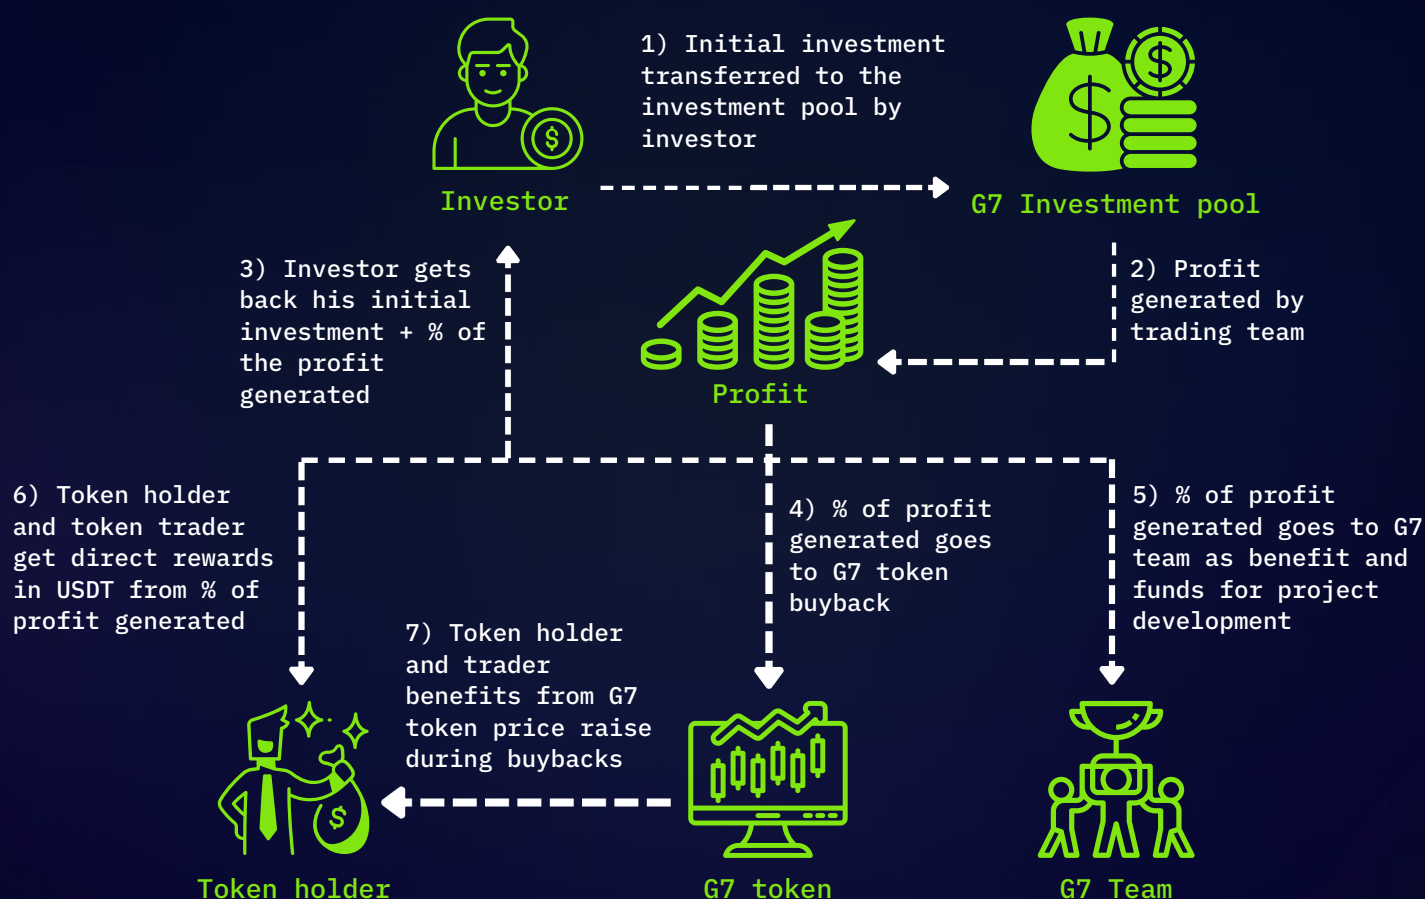

# G7 Investment Pool

G7 offers a unique investment pool feature, providing users with a hassle-free way to participate in financial markets. Skilled traders, utilizing G7's proprietary system, manage these pools. Investors can contribute funds and earn monthly rewards based on the pool's performance.

Each pool operates under its own set of conditions, including investment duration, commission rates, and investment limits. This allows users to choose pools that align with their individual investment goals and risk tolerance.

## Who benefits? Explained

# G7 Club Membership

G7 platform offers exclusive benefits with a G7 Club membership that gives access to premium platform features, including Trading Signals, Market Data, partner project access, and much more.

G7 Club membership is available for a monthly fee in stablecoins. A qualifying amount of G7 tokens is also required.

## Referral program

*Want to get your G7 Club membership for free? Our referral program offers up to a 100% discount on membership fees for those who open a trading account at one of our partner brokers and maintain a certain trading volume.*

## Market data access

As addition G7 empowers traders with access to unique market data, derived from proprietary formulas and patterns. These insights reveal the true market profile, enabling informed trading decisions.

This exclusive feature is available to G7 Club members only and seamlessly integrated with TradingView charts and indicators.

## Trading Signals

One of the features of G7 platform is Trading signals. It provides traders with clear trading signals and opportunities, empowering them to execute their own trades based on personal risk management strategies.

This feature is exclusively available to G7 Club members and is conveniently accessible through Telegram.

## Who benefits? Explained

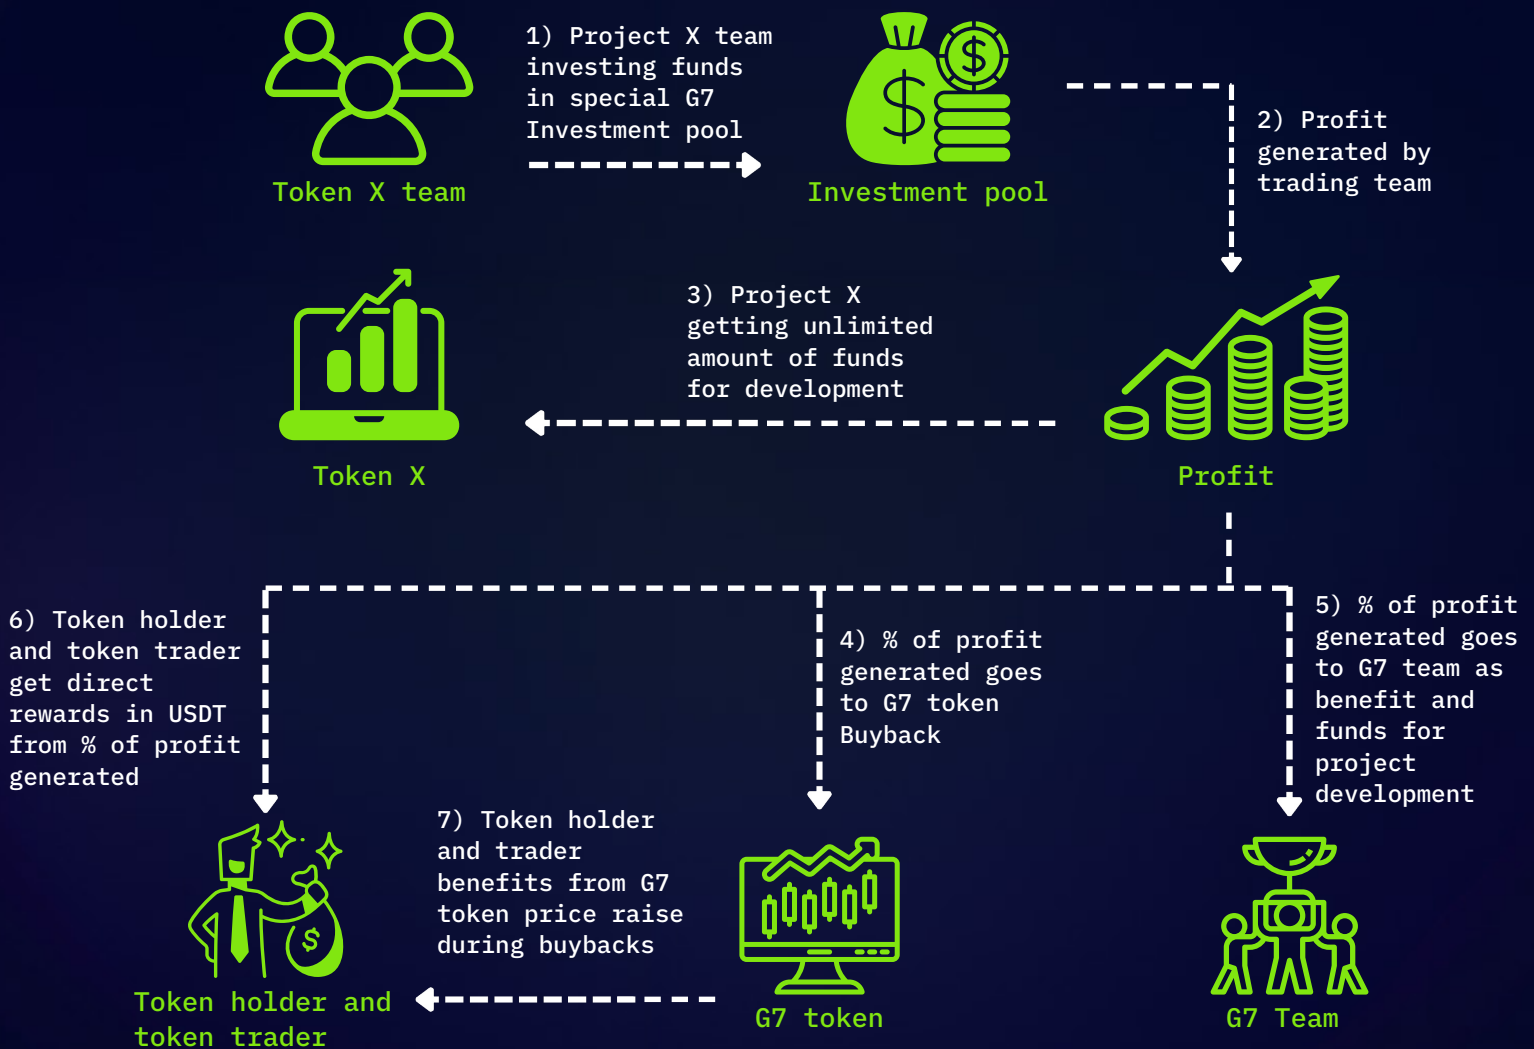

# Project Boost program

G7's Project Boost program empowers tokenized projects to achieve sustainable growth. By investing in G7's Investment Pool, projects can unlock long-term benefits such as token buybacks or dedicated marketing funds by investing in Boost Program.

## Who benefits? Explained

# G7Vault

G7 prioritizes the safety of its users' investments. That's why we've implemented G7Vault, a protective measure designed to safeguard project holders and investors.

While we don't anticipate any unforeseen events, it's always wise to be prepared. In the event of a force majeure situation affecting crypto or financial markets, G7Vault will provide coverage or partial refunds to support our valued investors.

## Who benefits? Explained

# Tokenomics

The G7S token is designed to promote price stability and potential growth. A unique floating tax system and a limited supply with burn functions are in place to maximize benefits for token holders and traders.
